

WINTER PARKING REGULATIONS

SNOW REMOVAL: The owner or occupant of land within the Village which abuts any public street along which a sidewalk is constructed shall, whenever the sidewalk shall be encumbered with snow or ice, clear the sidewalk within 24 hours after the cessation of each storm. In case it is impossible or impractical to remove the ice, the sidewalk should be treated with sand, salt or some other substance until removed, so that the sidewalk will not be slippery or dangerous to pedestrians. If an owner or occupant fails to remove such snow or ice from a sidewalk or to treat any ice, the Superintendent of Public Works will do so, and the expense of the removal or treatment will be \$50 per side, \$100 per side all subsequent times. Such charge will become a charge against the property. If the charge remains unpaid, the Village Clerk/Treasurer will add the charge to the tax roll as a special assessment against the land, which shall be collected like other general property taxes upon real estate.

No snow cleared from lots, parking areas, driveways, filling stations, garages, commercial areas or other places shall be piled or redistributed on any public street, road or highway within the Village in any manner which would narrow, restrict or obstruct travel or block the vision of motorists or create a traffic hazard or impede snow removal or plowing of such public street, road or highway in the Village.

WINTER PARKING REGULATIONS: Parking shall be prohibited on Village streets between the hours of 2:00 a.m. and 6:00 a.m. from December 1 through April 1.
